Appendix 1 describes measures to ensure that the building is appropriately accessible by all disabled people and provides them with access to all facilities and services provided by the school (access to the physical environment).

This appendix is the responsibility of the Premises Committee

Appendix 2 describes measures to provide full access to the curriculum for all students with physical and mental disabilities.

This appendix is the responsibility of the Curriculum & Assessment Committee.

Appendix 3 describes measures to improve the delivery of written information to pupils, staff, parents and visitors with disabilities.

This appendix is the responsibility of the Parents & Pupils Committee.

Attached are the appendices relating to these key aspects of accessibility. These plans will be reviewed and adjusted on an annual basis. We aim to have a three year rolling plan, running from April to March each year, with the plans being revisited prior to the end of each year in order to inform the development of the new plans for the following period.

We are committed to providing a fully accessible environment which values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to challenging negative attitudes about disability and accessibility and to developing a culture of awareness, tolerance and inclusion.
