

# Pupil Premium Grant Strategy 2017 – 2018

## Pupil Premium Grant (PPG) Strategy 2017 – 2018

**Key Priority:** To support all students who qualify for the PPG, to allow them to make good progress.

Whole school, targeted and individual measures resulting in students who qualify for the PPG being able to:

- Improve their levels of attainment and progress
- Close attainment gaps relative to national averages
- Have full access to our curriculum
- Be supported in accessing all aspects of their education

**Leader:** Jamie Hudson (Assistant Headteacher), evaluated by the LAB Resources Committee

Qualifying students in 2016 resulted in a grant of £99,500 for the academic year 2017/18. Our budget for supporting students who qualify for the Pupil Premium Grant for the academic year 2017/18 is £106,866.

**There will be three strands to the Pupil Premium Strategy for 2017 – 2018:**

**Whole School Strategies** designed to benefit all students but based on research (Educational Endowment Fund) that has shown these measures particularly increase progress in disadvantaged groups:

- High expectations for all students (including FFT academic targets, behaviour, attendance, KS4 options)
- Continue and consolidate evidence-based whole-school strategies using 'Tilting Teachers' approach
- Develop further approaches to support individual students who qualify for the PPG through staff training, classroom support plans and the whole-school performance management target
- Lesson Study groups of teachers investigating pedagogical approaches from educational research

**Targeted strategies** providing support for students who qualify for the PPG:

- Tilt all aspects of teaching towards students who qualify for the PPG through the whole-school performance management target and through the school's internal review processes
- Peer Tutoring in Bridge (Literacy)
- Measures to improve the attendance and punctuality of students who qualify for the PPG including Mentoring, Restorative Practice, Individual Targeted Intervention and the Reflection Room
- Mentoring support including employability skills workshops, mentoring schemes and the Adviza service
- Measures to remove Barriers to Learning (eg transport, uniform, educational visits, revision guides)
- Transition support – Family First approach, liaison between KS2 and KS3 teachers

**Individual Strategies** to support students who qualify for the PPG who are underperforming, at risk of underperforming or at risk of disengagement with Education

- Intervention (KS3 Literacy, KS4 English, Maths, Science and other EBacc subjects)
- Life Skills Coaching and individual student mentoring
- Targeted enrichment provision
