

Communication

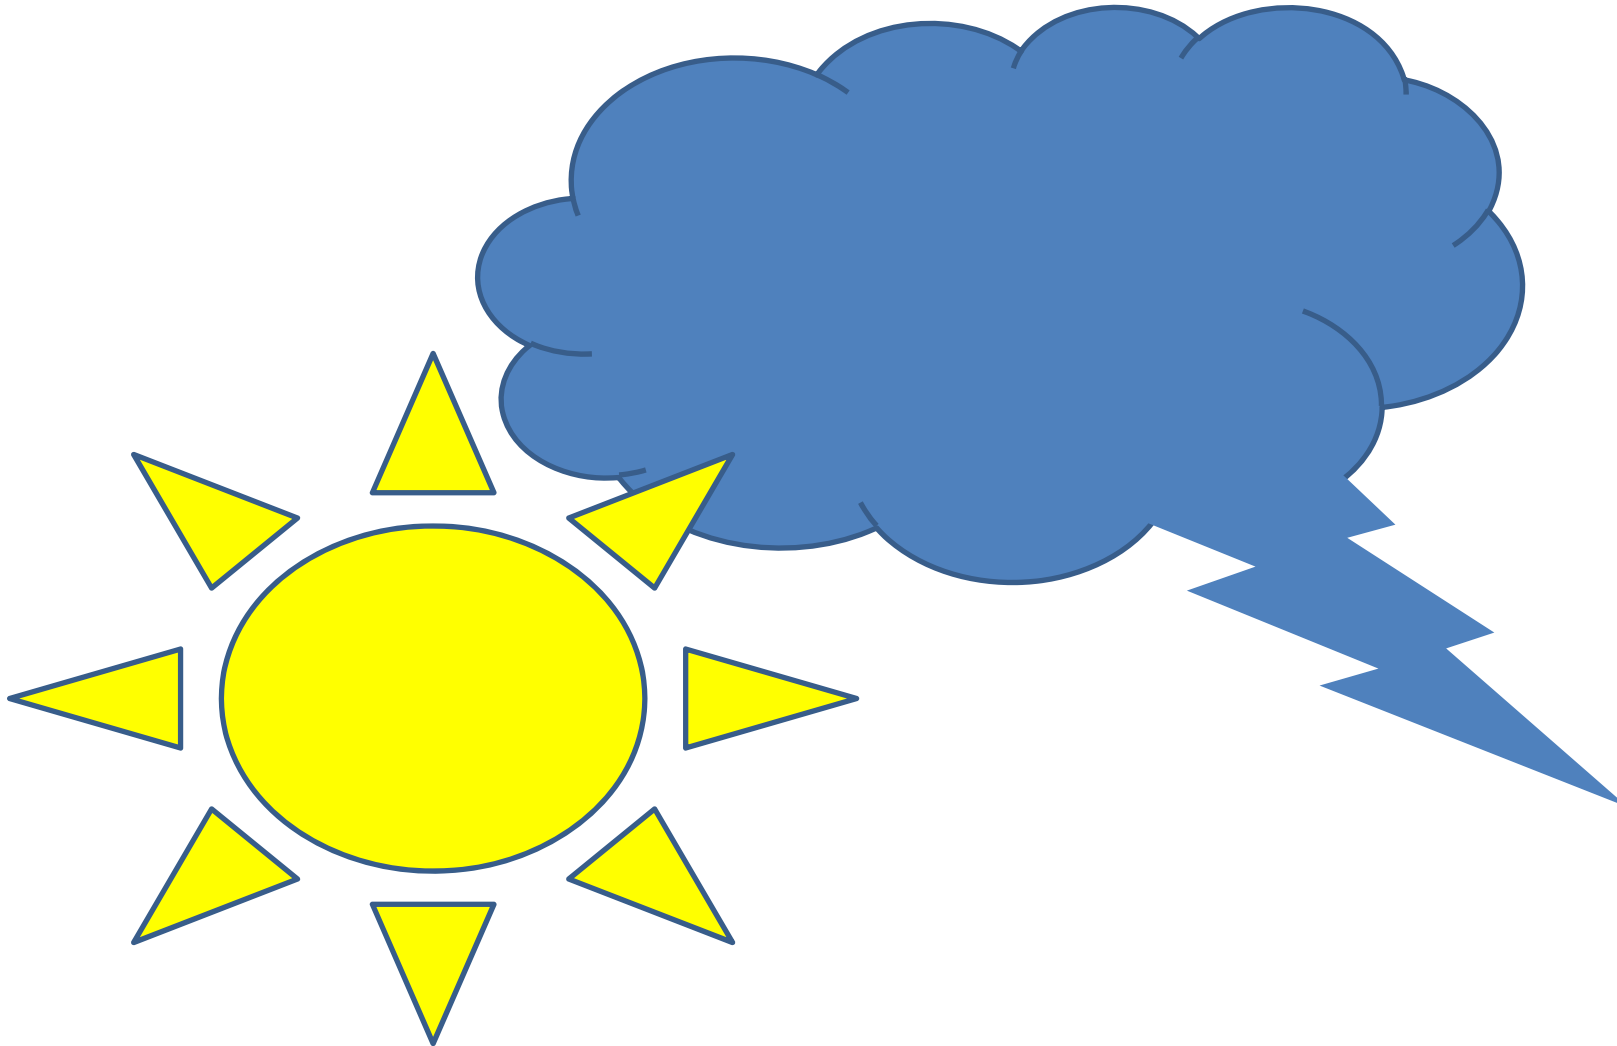

Talking and Listening

- One person in each team has to turn around and face the back of the classroom.
- The other member of the team will see a picture on the board which they need to describe to the member facing the back of the class.
- The person describing is not allowed to use the words printed at the top.
- The person facing the back has to draw what the person facing the board tells them to draw.
- The pictures get more complicated on each round.
- Each round you have to swap so that every member has a turn to explain and draw.
