

## “Excellence for All”

St Crispin's school offers students of all abilities and interests the opportunity to be the best they can be. Indeed our school vision statement “Excellence for all” encapsulates our intention to work at the highest standards for our students. We offer a happy and supportive environment for students to learn and develop.

We have a strong focus on the basics: excellent learning and teaching, a safe disciplined environment and an ethos which promotes the highest aspirations. Good qualifications are the key to a young person's future success and for this reason they are our main priority. Nevertheless, developing young people to become well rounded, articulate, confident and happy is of equal importance.

We provide support, challenge and expertise, enabling every student to achieve. With a rich variety of opportunities beyond the formal curriculum, everyone is encouraged to participate in our diverse range of activities and events.

Underpinning these opportunities and academic challenges is our keen desire to care for students, and by ensuring students feel happy and safe at school we enable them to achieve their best.
