21st September 2018

KLT/FK

Dear Parents/Carer,

I hope your son/daughter has settled in well this year and is keen to make the most of their learning. As you may or may not be aware, the Maths department have moved to using online resources. I would like to take this opportunity to share with you the information you might want to support your son/daughter in their study of Maths. Some Maths teachers will set personal study from time to time on MyMaths. The details you need to know for this are:

Address: www.mymaths.co.uk

Login: crispins

Password: parallel

Year 7 students will be given individual login details by their Maths teachers in the coming weeks. Older students should already have their personal login details but they can check these with their Maths teacher if they have forgotten them.

We do not issue textbooks to students for Maths; instead we use an online resource called kerboodle. The advantage of this is that a number of pages have direct links to interactive lessons on MyMaths should your child need some revision on a certain topic. The details you need to know for this are:

Address: www.kerboodle.com

Institution code: lu1

Students must also know which textbook they are using in class to navigate to the correct page. Year 7 students will be given individual login details by their Maths teachers in the coming weeks. Most usernames are the first letter of your son/daughter's first name followed by their surname, e.g. for Joe Bloggs the username would be jbloggs. The password is initially set as the same as the username. Older students should already have their personal login details but they can check these with their Maths teacher if they have forgotten them.

I hope you will find this information useful but should you have any further questions, please do not hesitate to get in touch with your son/daughters Maths teacher.

Kind Regards,

Miss K Longhurst

Acting Head of Maths
