Maths Department Information

Introduction and welcome by Head of Department including departmental vision

The school motto is "Excellence for all" and this drives everything that we do in the maths department. We strive to have excellent learning experiences and outcomes for students and an excellent working environment for our staff. I strongly recommend all applicants visit the department before applying to see first-hand what a warm, welcoming and experienced team of maths teachers we have and the supportive team you would be joining.

Curriculum overview

Students are set by ability for all key stages and we use the mymaths textbooks to follow the national curriculum.

At key stage 3, we strongly believe in getting the basics right and focus heavily on developing students' numeracy skills in year 7. We have developed our own schemes of work that include rich tasks and activities that develop problem-solving strategies, with an aim to foster a love of subject in the lower school.

At key stage 4, we follow the new 9-1 AQA GCSE. We always have excellent GCSE results for maths and run intervention programmes to ensure all pupils make the best possible progress. Our 9-4/A*-C pass rate has been consistently between 84% and 87% for many years and we have been ranked in the top quintile for progress 8 for maths since the measure came in two years ago.

At key stage 5, we continue using the mymaths textbooks and systems for both the new AQA A-level Maths and Further Maths. At A-level, we have three maths classes and one class for further maths in each year group, and are always the most popular A-level subject in the school. This reflects the quality of the department, its leadership and the supportive environment and enjoyment of subject we create in the lower years.

Students' progress is monitored carefully by classroom teachers and key stage coordinators using end of half term tests for the lower school and chapter tests for key stages 4 and 5. Specialist maths intervention staff then use these results to support classroom teachers and students as necessary.

Examination results

We are incredibly proud of our examination results at St Crispin's. At GCSE, for many years we have consistently achieved 84%, or above, of year 11 students achieving grades A*-C or 9-4 in maths. Our excellence for all philosophy means that we want the best for all students and successfully offer the ELC for lower ability students for whom GCSE Maths is a challenge.

At A-level our results are very competitive and we regularly achieve more than 70% of students achieving grades A*-B, with students regularly going on to university to continue their studies in maths.

Resources and rooming

At all key stages we use the mymaths textbooks and students have access to their own books in class and via the online platform at home. We have our own department block, where classrooms have interactive whiteboards and are engaging environments in which students can learn.

The department is well resourced and we have developed excellent practises in creating and sharing our own resources. We also subscribe to mathsbox, kerboodle and mymaths to ensure teachers have a wealth of resources for use in the classroom and for setting regular personal study tasks for students to complete at home.
