

The Circle Trust Supplementary Social and Medical Information Form

If a child has a social and medical need that would cause significant physical and / or mental hardship, an applicant can indicate that they wish their application to be considered under social and medical grounds.

It is the applicant's responsibility to complete and return this form to the School Admissions Team along with supporting written evidence from a professional **by the given closing date for applications**. For In-Year applications the supporting evidence must be submitted with the application. The supporting evidence for social and medical grounds should be from the relevant registered professional(s) involved with the child. Examples include registered health professionals, such as Consultant, GP, Psychologist or Psychiatrist. All evidence must be on letter headed paper and reflect the child's current situation.

This evidence must prove why the school named on this form is the only suitable school and why the child cannot attend another school. This evidence must be specific to the school.

All schools have the resources to work with special educational needs and common childhood complaints such as asthma.

It is the applicant's responsibility to provide all evidence in support of their request by the given closing date for applications and it is not possible for it to be considered under this criterion if no evidence is supplied.
